In Tasmania you can experience four seasons in one day. We love our changeable weather. Our east coast is often dry while our west coast is wet. Wear layers. Our sun can get hot, but once it goes down, the cool can set in fast. We recommend you bring a sunhat (and beanie), sunscreen, comfortable walking shoes and a waterproof jacket.

There is some bushwalking on this tour so a basic level of fitness is required. We recommend that if you have serious medical conditions you call us first to discuss. We would be happy to see how we can accommodate you.

Our vehicles are conveniently equipped to carry collapsible wheelchairs with removable wheels providing the passenger is accompanied by someone who can assist them board and disembark.

If you have any questions about accessible options for this tour, please do not hesitate to contact us to see how we can accommodate you to have the best tour possible.

CHILDREN

For their safety, we kindly ask that children be accompanied by an adult.

For passengers younger than seven, we can arrange one or two seats for you. Please make sure to contact us directly to discuss.

MINIMAL IMPACT

Like all living things, these forests and trees are fragile, and as visitors to wild heritage areas we need to tread lightly. As such, we will take steps to minimise our impacts and we will make sure to have the lightest footprint possible.

This means we may have limitations on where we can go, how close we can get to the trees, and when we are able to visit.

Practicing the skills of minimal-impact tourism is ultimately a rewarding and educational choice, and will help us to enjoy these forests into the future.

Have another question? Please don't hesitate to contact us.

We look forward to seeing you and hope you enjoy your time with us.
