## WHAT TO WEAR

In Tasmania you can experience four seasons in one day. We love our changeable weather. Our east coast is often dry while our west coast is wet. Wear layers. Our sun can get hot, but once it goes down, the cool can set in fast. We recommend you bring a sunhat (and beanie), sunscreen, comfortable walking shoes and a waterproof jacket.

For this adventure, you will be venturing to one of the most remote reaches of wilderness in Tasmania. We recommend proper hiking boots as good grip is essential. Make sure you have worn them in to avoid any discomfort on the tour. We also recommend:

- Waterproof over-pants are good if there is rain.
- Gloves.
- Gaiters if you have them.
- Water bottles or bladder.
- Daypack for walking.
- Polar fleece jacket or woollen jumper
- Light, warm jumper
- Walking poles if you prefer to walk with these
- Shorts and/or light walking trousers
- Thermal base layer (long-sleeved top and long johns)
- Warm, long pants (for evenings)
- Shirts/t-shirts
- Socks
- Underwear
- Footwear for evenings if you prefer something more comfortable than your boots.
- Any anti-inflammatory medications or EpiPens as required.

## FITNESS LEVEL

There are three full days and one half day of walking on this tour, so a moderate level of fitness is required. We recommend that if you have serious medical conditions you call us first to discuss. We would be happy to see how we can accommodate you
